

HOUSE SAVES CUPID TO OWN BRIDES IN OWN HOMES

EASIER BANK LOANS, HOUSES AT SMALLER COST IS PLAN

Revolutionary Program Mapped Out by NRA to Revive the Construction Industry; Tax Changes, Too

(Copyright, 1933, by International News Service.) Washington, Oct. 8.—Direct Government efforts to alter social, financial and business activities involving virtually everybody in the nation are being contemplated by the NRA in connection with the master code it is writing for the almost extinct construction industry.

In the belief that the President's special recovery plan hinges on a capital goods movement that would come with a quick revival of building activity, the following novel and even radical proposals, to be put into effect as rapidly as possible are under serious consideration:

- 1—Let the Home Loan Owners' Bank Corporation make more loans, even if some should prove bad.
- 2—Promulgate propaganda tending to cause more marriages among young industrial center workers—so they will have their parents' home for their own and help in the drive to absorb present apartment vacancies.
- 3—Advocate the imposition by local governments to "navel" taxes that will force wholesale demolition of slum dwellings and yet discourage immediate building on the property. (To further absorb present apartment vacancies.)
- 4—Seek a possible 10 per cent reduction in the present price of all building materials and hold these prices at that level for one year, with the measure to the producers that the government will back a substantial boost in the price at the expiration of the year.
- 5—Sponsor legislation in the next congress that would curb the real estate promotion racket like the securities act now curbs stock-selling rackets.
- 6—Persuade all building trades labor unions to take voluntarily 10 per cent reduction of the wage scales set up to prevent agreements with employers for the first year period, with a pro-

vision they get a substantial boost to wages the next annual period. (Mr. Leo Wolman, head of the NRA labor advisory board, already has discussed such reduction in wages with building union heads and finds them agreeable to the plan.)

The "younger marriage" propaganda and the taxes designed to force raising of slum areas and possibly making them over into parks or parking spaces would cause an immense social shift upward in living habits of all people living in urban and industrial centers.

Voluntary reduction of building material prices and the wages of labor, of course, would be a slay departure in NRA tactics, which in every case of a code have sought increase in both wages and prices.

The cleanup of the real estate promotion field with the proposed legislation would amount to a revolution of present and all past practices in this field.

Campbell Will Try for 2 Records

London, Oct. 9 (UPI)—Not satisfied with holding the world's land speed record, Sir Malcolm Campbell will break his own record and also set a new record for the water speed record from Car War.

A new Bluebird racing car which has been in service 200 m. p. h. and a new Bluebird speed boat, now being built for his new record attempt.

The Bluebird is being secretly constructed in the Midlands and will be the most powerful of the series he has driven under that name.

Equipped with Rolls-Royce Schneider trophy engine of 500 horse power, a departure from former construction of his racers will be in the four-wheel drive.

Court Views -- Raid Damage

JUDGE ADLOW ATTY. SCHARTON SERGT. CONDON

COURT OFFICER HAYS Judge Elijah Adlow as he visited one of the raided clubs in the Back Bay today. He is shown with Atty. W. R. Scharton, Sgt. Joseph Condon and Court Officer John J. Hays in Massachusetts ave., the Armory A. A. Judge Adlow held the raids which Scharton laid to the Supt. King-Capt. Skillings feud—to have been legal. (Boston American photo.)

Holbrook Wins Post
Patric Holbrook, who has been superintendent of streets of Winchester, has been promoted to town engineer, succeeding the late James Hinds, and he assumes his new duties today.

Racer's Car Kills Four
Bark, Italy, Oct. 9 (AP)—A racing car driven by a German, Grosh, turned over yesterday during a race and killed four spectators. Grosh himself was injured.

NRA GIVES JOBS TO U. S. WORKERS

P. A. O'Connell Talks as Buy Campaign Is Opened

Since the beginning of the Roosevelt administration the gain in employment is approximately 4,000,000 people. P. A. O'Connell, president of the E. T. Blattery Co. and a member of the Massachusetts State Recovery Board, told an assembly of Methodist ministers today in Wesleyan Hall.

Speaking on the influence of the NRA, President O'Connell said that in Massachusetts alone, between July 13 and August 13, between 84,000 and 94,000 wage earners were added to the payroll of factories and stores, representing an addition of between \$23,000 and \$30,000 to weekly payrolls.

Meanwhile today, the New England council announced that 30 per cent of New England's industry is operating at 40 per cent of normal capacity, and that of the 46 industrial codes already approved, 32 effect industries in the New England states.

BUY DRIVE OFFERS

In Washington, Gen. Hugh S. Johnson, the recovery chief, touched off the NRA "Buy Now Is the Time to Buy" campaign.

The 1,500,000 volunteers who carried the Blue Eagle message to the country, have been enlisted in the buy now drive.

Pres. O'Connell, in his Boston address, declared his expectation that by the end of the year practically all industries will have been secured under a code of fair competition.

"Now to measure the gain in employment," he said, "compared with a year ago, the factory employment in August was nearly a fourth larger than in August, 1932. Industrial production recently has ranged from 50 to 100 per cent over last year."

On Way -- To New Ordeal

REARMS CLUBS LEGAL, JUDGE ADLOW RULES

Disregards Scharton's 'Revenge' Charge; Portraits Safe

The ghost of the mighty John J. Sullivan—no, and the pitiful likeness of Prince Carrara and "Liberty" Burr—were unintentional aids to the police today as the swinging raids on two Back Bay clubs were held to have been "lawfully conducted."

Judge Adlow made a tour of inspection and authorized the police, refusing Atty. William R. Scharton's plea for warrants charging five officers with malicious destruction of property.

Scharton, however, had his chance to fire a barrage at the police and he made it a resounding one.

He accused the police of getting search warrants by using bad faith with the courts, and asserted that the police, refusing Atty. William R. Scharton's plea for warrants charging five officers with malicious destruction of property.

BANDITS KIDNAP JOHN D. JR. HAS 3 TO ROB SAFE

NEW YORK, Oct. 9 (AP)—A kidnapping of John D. Jr. by three bandits, armed with sub-machine guns, early today kidnapped the manager of the Palace Theater, his wife and his assistant, and forced them to help loot the movie house of \$4500 in Sunday receipts, which were being guarded by a patrolman and the theater janitor.

They then locked their captives in a closet and escaped.

Frank J. McGowan, the manager, and his wife were the first to be freed. They were forced into the bandit car as they were about to enter their home in Stamford, Conn., shortly after midnight. The bandits then went to the home of Robert R. Fortin, assistant manager, in Charlotte St.

The trio was then driven to the theater. There, at the point of a sub-machine gun, McGowan was forced to call on Charles Gray, the janitor, to open the theater door. Gray too, was quickly overpowered and forced to lead the way to the office where the weekend receipts were being kept under the guard of Patrolman Michael Morrissey.

Again at the point of the sub-machine gun, McGowan was forced to call to Morrissey to open his door. As the officer did so, he was "covered" by one of the bandits who used Mrs. McGowan as a shield.

The trio was then driven to the theater. There, at the point of a sub-machine gun, McGowan was forced to call on Charles Gray, the janitor, to open the theater door. NEW AND FOUR OF THE BANKERS ARE FINGERPRINTED

TREATED SAME
AS ALL OTHER
SUSPECTS

Five Are Then Taken
to Court, Arraigned
on New Charges

Five embroiled bankers who commanded millions until the spectacular closing of the Federal National Bank shockingly submitted to fingerprinting in the Federal Building today as Uncle Sam refused to differentiate between suspected burglars and suspected bank wreckers in his war on crime.

Under a ruling established recently by decision of the circuit court of appeals, and invoked here for the first time, the fingers of five of the seven indicted last week in the \$600,000 Federal National crash were inked for government records, supplied biographical data and "allies," if any.

A bank president, a vice president, a director, a cashier and an employee—Daniel C. Mulleney, president of the Federal National, his brother Lawrence E. Mulleney, employee of the same bank, Arthur J. Brady, its first vice president; Frank A. Farrell, a director, and Arthur J. Don, cashier of the Middlesex National Bank of Lowell, an affiliate, were the group.

ALL ALIASES RECORDED

They were conducted to the U. S. Marshall's office, seated about a table under the cold eye of Deputy Marshall Joseph B. Wilson and obliged to record, three times, the whorls of each thumb and the fingers of both hands, tell where they were born, what their training has been, and where they have a mustache or identifying mark.

No "aliases" were recorded. If they are not recorded, the fingerprints will be returned to them. If they are, the prints will remain in the files of the United States for future reference.

One other indicted in the Federal crash, Lloyd B. Fenderson, treasurer of the Inman Trust Co., Cambridge, was fingerprinted Saturday in Portland, Me., where he is fighting removal; three others previously indicted will be fingerprinted here.

TRIAL OFF TO SPRING

They were arraigned before Judge Hugh McCallen and pleaded as one man from their seats in the same row. The brothers as the end men, and pleaded not guilty to indictments involving irregularities in approximately \$100,000 more of the Federal National transactions.

The arraignment brought from Special U. S. Atty.-Gen. Irving G. McCann the statement that the cases would probably not be tried until next spring. The federal grand jury has not yet finished with the case and the indictment of at least one more banker making a total of 10, is expected.

Daniel Mulleney, who has supplied \$35,000 aid on previous indictments, was released on personal recognizance on \$10,000 additional bonds. His brother, described by counsel as merely a clerk in the bank's affairs, was freed in \$2500.

FARRELL EAGER TO TELL

From the others half of \$5000 each was demanded, although defense counsel argued for half that amount. In the case of Farrell, who was represented by his brother, Frank H. Farrell, court was told he was only a clerk, had a wife and two children and had been unemployed since the Federal National collapsed.

"We will show he was not helped to do this," Farrell said, "and he is eager to tell his story."

McCann replied that the government wants to "be sure."

A plea of abatement and motion for transcript of said jury proceedings, asked by Daniel Mulleney, will be argued a week from tomorrow. Fenderson's fight against removal here will be heard at Portland Wednesday.

Cornelius J. Corcoran, president of the Lawrence Trust Co., another affiliate, who was among those indicted last week, was to be arraigned later today.

Our Cowboy Mayor Bids Byrd Beauty Adieu

Mayor Curley bid the Foremost Southern Girl bon voyage at the pier just as Rear Adm. Byrd's ship, the Jack Ruppert, prepared to sail today. The mayor crowned this

Pole-going bovine with his derby and the photographers got busy with their cameras while the crowd laughed. (International News Photos.)

Mrs. Stern Love Life Bared
in \$4,000,000 Suit

By BOROBY DUCAS
International News Service Staff
Correspondent

New York, Oct. 9 (INS)—Helen Vogel Stern's love life was under examination today before the Supreme Court, where she is suing Ruth Bringer Nathan for \$4,000,000 for the affection of her husband, Aileen Stern, stock broker.

And a pretty conventional respectable love life she made it appear, characterizing her friend, Oliver Stern of St. Louis, whom defense attorneys have termed "a somewhat of a rascal," as "actually being."

George A. Whitehead, attorney for Mrs. Nathan, tried to get a

confession of romance. All he got was a disavowal of interest in young Rice, save as a family friend.

Rice was in Palm Beach, whether she went to "forget all" after the separation agreement between Stern and her in 1928, and was in Kingston, N. Y., again in August, 1928. She danced with him when she met him at functions, but he never "entertained" her, or kissed her, or proposed marriage, she said.

"Did you tell him you found his presence an unacceptable?" asked Whitehead.

"Hardly," she replied.

"For a kiss, she remembered it was at a wedding in 1931."

"Didn't you put his picture in a frame formerly occupied by your husband's picture?"

"I did not. I never owned a picture of Rice."

"Mr. Stern says he heard the children refer to someone as 'Uncle Oliver'—is this true?"

"My children never call anyone outside the family 'Uncle'."

"The extent of the friendship, as she depicted it, was flowers at Christmas and the presents of sweaters for the children."

Byron Call, Oct. 9.—When Henry Martin discovered his chickens running around practically in the new bird first thought was that the audacious had reached the barnyard. Then investigation disclosed the solution in which he had dipped them in paint remover. Hardly a feather was left in the block.

Hey, Skinny! Let's
Take Study Course

Tonight marks the opening of the Burroughs Newboys' Foundation for registration of members from all parts of Greater Boston. Advisers will meet the boys and help each to choose a course of study.

The courses range from music and fine arts to vocational subjects. In addition, there are recreational opportunities, libraries and medical clinics. All working boys engaged in street occupations are welcome.

Whit's Man's Annoyer Lynched

Ninet-Six, S. C., Oct. 9 (AP)—Denise Thompson, negro, who had been arrested for threatening a group of white men with a knife, was taken from the jail here during last night, beaten to death and his body left on the roadside.

VETS' HOSPITAL
UNDER PROBE

An impartial investigator, detailed from Washington by Gen. Frank Hines, veterans' administrator, will arrive at Bedford tonight a few days to sift thoroughly certain alleged irregularities in procedure, uncovered during a routine audit at the Veterans' Hospital there.

A statement, issued from the hospital early today with the approval of Dr. Winthrop Adams, medical officer in charge, revealed there was no question of fraud or misuse of government funds.

CONVETS AT CAPITAL

The statement declared the trouble was principally in irregularities in carrying out the established procedure in procurement or manufacturing of supplies and in the accounting of these.

Dr. Adams is at present in Washington, where he has been a conference with officials there concerning the matter. It was revealed that the decision for a thorough investigation was reached there in order that the interests of the government and the employees immediately concerned might be protected.

Bachelors' Code

Aim of "Y" Leader

New York, Oct. 9 (AP)—Bachelors need a good deal of recovery as well as everyone else, says E. A. Hungerford, so why should they have a code, too? Hungerford, New York Y. M. C. A. executive, says a 10-point code will be submitted to Y. S. bachelors on National Y. M. C. A. Olympic Foundation, Oct. 11.

Mexican Church Looted

Mexico City, Oct. 9 (INS)—A daring band of thieves today sacked the church of San Antonio Buenavista near Toluca, carrying off sacred vessels valued at \$10,000.

'Psychic' Youth on Trial for
Killing of Policeman

Greenfield, Oct. 9 (Herald)—21-year-old Brooklyn youth who once worked for a Wall St. broker but is now the subject for psychic "messages," according to his mother, today went on trial here for the murder of Patrolman Albert C. Jordan on Aug. 7.

The youth was called to a filling station by a milkman who said a hold-up was in progress. According to the state, the officer took no one over from the youth's possession and killed him.

Simple Exercises Mark
Induction of Presi-
dent Conant

Simple exercises, the result of his expressed wish, marked the formal induction of James Bryant Conant as president of Harvard University in the faculty room at University Hall today.

The inaugural was attended by a carefully picked group of 130 persons, and patterned as closely as possible after the ceremonies of the induction of John Leverett into the same office in 1707.

GOV. ELY PRESENT

Included in the select audience were Dr. A. Lawrence Lowell, retiring president; Mayor Richard Russell, Gov. Ely, Mayor Curley, members of the corporation and the board of overseers, former fellows of Harvard College, members of the board of preachers, the deans of the various faculties, the university, masters of the seven houses, 40 senior members of the faculty and representatives from each of the student bodies.

There was no academic procession or public demonstration in connection with the inaugural. This was in distinct contrast to the inaugural ceremonies surrounding the inauguration of Dr. Lowell in 1909.

More than 12,000, including dignitaries from all parts of the world, were present. The inaugural today lasted less than an hour. The ceremony began when Prof. Philip P. Chase, university marshal, conducted the custodians of the college insignia to the faculty room. They are the red velvet cap and the world's oldest seal and the college regalia.

Proceedings today lasted less than an hour. The ceremony began when Prof. Philip P. Chase, university marshal, conducted the custodians of the college insignia to the faculty room. They are the red velvet cap and the world's oldest seal and the college regalia.

Gridiron Is Dying

Concord, N. H., Oct. 9 (AP)—The father of a 12-year-old boy, who was dying today while his father, O. K. Banks, a Keene grocer, sat by his bedside.

The elder Fairbanks has four sons. Ernest the youngest. During the years of schooling one by one the boys saved their father's permission to play football. Each in making a tackle a victory continually during the past summer. He was killed in the fall.

Ernest was sent into the game against Concord High Saturday afternoon. He was killed in the game. His father, O. K. Banks, a Keene grocer, sat by his bedside.

Eagles' Lottery Case
Review Is Denied

Washington, Oct. 9 (AP)—Bernard McGuire and Travis E. Herine, convicted in New York of fraud in the sale of tickets for the Federal Reserve Bank, were denied a review today by the Supreme Court.

McGuire was sentenced to a year in prison and a fine of \$10,000. Herine received four months and a \$5,000 fine.

A review for Conrad H. Mann, convicted with McGuire and Herine, and sentenced to five months imprisonment and fined \$12,000.

Daughter of Famed
Musician to Wed

New York, Oct. 9.—The engagement in Paris of Wanda Toscanini, daughter of Conductor Arturo Toscanini, and Vladimir Horowitz, young Russian pianist, was announced by the New York Philharmonic-Symphony Society.

Communications received here by the society said no date had been set for the wedding. The couple met abroad three years ago when Toscanini chose the pianist to play with the Philharmonic.

On Honeymoon

Greenwich, Conn., Oct. 9.—John P. Maxwell, Jr., heir to a \$25,000,000 fortune, has turned to the stage again for a bride.

The heir to the fortune left by his father, founder of the John-Manville Co., Inc., was married yesterday in a Greenwich hotel to Miss Marcella Edwards, former "Vanity Fair" girl. She is his fourth wife.

She was credited by gossip with outdistancing three other actresses—Claire Windsor, Neva Lyon and Nina Pieroni—for the heart of the middle-aged man who told the town clerk he was without occupation, but inherited \$25,000,000 million in asbestos.

The nuptials were performed by Judge John J. O'Brien in Greenwich, Conn., in a brilliant setting provided by the presence of a throng of guests from stage and screen society. Henry Kornblum and C. C. Harter, described as broken-down, elegant, dandies, Lillian Andrus were witnesses. Mrs. Belle Edwards, the bride's mother, was matron of honor. Photographers found it difficult to elicit the story through the occlude.

She was a police escort, the party motored to Greenwich from the heavily guarded Manville estate in New Rochelle. After the ceremony, bride and bridegroom sped to the Manville home on Long Island Sound.

The honeymoon will be delayed until after Wednesday, when Mrs. Clara Manville, mother of the groom, returns from Europe to meet her new daughter-in-law, who was born in Santa Barbara, twenty years ago.

Manville, who said he was 39, was previously married to Florence Huber and Avenue Taylor, both girls, and Lois McCain, his father's secretary.

She was a police escort, the party motored to Greenwich from the heavily guarded Manville estate in New Rochelle. After the ceremony, bride and bridegroom sped to the Manville home on Long Island Sound.

The honeymoon will be delayed until after Wednesday, when Mrs. Clara Manville, mother of the groom, returns from Europe to meet her new daughter-in-law, who was born in Santa Barbara, twenty years ago.

Manville, who said he was 39, was previously married to Florence Huber and Avenue Taylor, both girls, and Lois McCain, his father's secretary.

IN WAREHOUSE

Thomas F. Manville, Jr., heir to a \$25,000,000 fortune, has turned to the stage again for a bride.

The heir to the fortune left by his father, founder of the John-Manville Co., Inc., was married yesterday in a Greenwich hotel to Miss Marcella Edwards, former "Vanity Fair" girl. She is his fourth wife.

She was credited by gossip with outdistancing three other actresses—Claire Windsor, Neva Lyon and Nina Pieroni—for the heart of the middle-aged man who told the town clerk he was without occupation, but inherited \$25,000,000 million in asbestos.

On Honeymoon

Greenwich, Conn., Oct. 9.—John P. Maxwell, Jr., heir to a \$25,000,000 fortune, has turned to the stage again for a bride.

The heir to the fortune left by his father, founder of the John-Manville Co., Inc., was married yesterday in a Greenwich hotel to Miss Marcella Edwards, former "Vanity Fair" girl. She is his fourth wife.

GOV. ELY PRESENT

Included in the select audience were Dr. A. Lawrence Lowell, retiring president; Mayor Richard Russell, Gov. Ely, Mayor Curley, members of the corporation and the board of overseers, former fellows of Harvard College, members of the board of preachers, the deans of the various faculties, the university, masters of the seven houses, 40 senior members of the faculty and representatives from each of the student bodies.

There was no academic procession or public demonstration in connection with the inaugural. This was in distinct contrast to the inaugural ceremonies surrounding the inauguration of Dr. Lowell in 1909.

More than 12,000, including dignitaries from all parts of the world, were present. The inaugural today lasted less than an hour. The ceremony began when Prof. Philip P. Chase, university marshal, conducted the custodians of the college insignia to the faculty room. They are the red velvet cap and the world's oldest seal and the college regalia.

CIVIL SERVICE PROBES

By BERNARD J. DORRITY

The long awaited investigation of the civil service by Mayor Curley and the Good Government Association will be made within the next few days.

The endorsement of the Good Government Association is expected this week while Mayor Curley, returning from Washington by plane yesterday, declared that he will take a stand before the Democratic candidate before the end of next week.

From the inner circles of the association it is learned that the executive committee will hold a final conference with Frederick W. Mansfield within the next day or two and make its decision before Senator Henry Parkman, Jr., and Mansfield, either next Wednesday or immediately following the holiday.

FURIOUS FIGHT SEEN

Parkman made his second appearance before the committee last Saturday.

Reports that the hard pressed committee would get out of its dilemma by letting a blanket endorsement for both Parkman and Mansfield are discounted in circles close to the association.

The report, however, indicates to some degree the intense battle that is being waged by friends of both candidates for the coveted job of Mayor of Boston.

Daniel St. Coakley, one of the few remaining Democrats in the majority control, has returned from a trip to Indiana, Washington and New York.

Asked how he dared to go on a mission in the middle of the campaign, Coakley said: "It was easy for me to go on a mission. While I was away one candidate dropped out. There'll be more of them."

Former Congressman O'Connell issued a busy schedule today as his campaign continued. This afternoon he will be the principal speaker at a reception and musicale held in his interest by the O'Connell for Mayor.

His evening will be spent at the Young Men's Democratic Association at a rally at Faneuil Hall conducted by the Young Men's Democratic Association of Boston.

Former Congressman O'Connell and Neil T. Scanlon, president of the Young Men's Democratic Association of Boston, will be the speakers at the afternoon affair, including the singing of "O'Connell Abide," his campaign song.

NICHOLS ATTACKS G. O. A.

Former Mayor Malcolm B. Nichols at meetings held in the interest of his candidacy, is vigorously opposing the Good Government Association's suggestion, made in the current issue of its publication, Current Affairs, that a municipal program, including the singing of "O'Connell Abide," his campaign song.

Nichols is calling upon Mansfield and Judge James M. Sullivan, two of his opponents, to state where they stand on this issue.

Senator Parkman, in a pep talk to groups of his young campaign workers, likened his fight for the mayoralty to a revolution against the "tyranny of our opponents." Parkman declared, "are not interested in any kind of government but the old fashioned, political kind."

At meetings in Dorchester, Roxbury and East Boston, Candidates Nichols and Judge James M. Sullivan declared that the five million dollars that the mayor can save at City Hall, 50 cents can be deducted from his salary.

Dist. Atty. Foley points out that he is the target of the attacks of every other candidate in the race.

"This fact alone," he said, "is a healthy sign." He is an indication that the promises I am making in the campaign are being given serious consideration.

Foley contends that Parkman, a Republican, is his chief opponent, and that being the case, he is fighting along strictly party lines.

Aged Man Nearly Drowns in Fall

Fall River, Oct. 9 (INS).—Theriot, 78, rescued from drowning after he had slipped and fallen into the intervening drain carrying water from North Wapunga lake into South Wapunga lake, was today taken to treatment for immersion at the General Hospital here today, it was reported by Michael F. Whitley, city pumping engineer.

Rain Strips Apples in Kentville, N. S.

Kentville, N. S., Oct. 8 (AP).—Fruit growers of the Antigonish district suffered severe losses in a violent weekend rainstorm which washed from their trees about 10,000 barrels of apples valued at \$375,000.

Ina Claire, Still 'Deb' at 40, Says Work Her Greatest Pleasure

By PEGGY DOYLE

For some an actively intangible reason, there has been a tendency in this country in recent years to accept Miss Ina Claire as an authoritative spokeswoman for women of the stage, women of fashion and women of interest generally.

I think that to put up a chair and ask words from Ina Claire on nearly any subject of interest to humans is a perfectly grand idea.

ALL VOICES PAID

I did it first 10 years ago (it was a mere child, Ieb, boy, boy!) in Chicago. I tried it again with delightful results four years ago in New York and I tried it again today with well, you'll see the results if you DON'T care for them!

That's the fact that she is about as articulate, amusing, intelligent and amiable a person as the stage has.

She is the foremost actress on the stage today, but after you see her "Blonde" if you don't think so—just take off your little jacket.

I think that perhaps, for women, Ina Claire is the most interesting person in the world.

Regarding Miss Claire's present visit to Boston is the unique and utterly attractive arrangement.

Her lovely blonde hair, I think is in many places, but the general opinion is that she is the most beautiful woman in the world.

RAD WOMAN RETURNS

"I guess I used to have some reactions of middle-class respectability."

JUDGE REJECTS WAGE IDEAS

Washington, Oct. 9 (INS).—The administration will flit another measure across the tandem team of labor and capital when Recovery Administrator Hugh Johnson addresses the American Federation of Labor on recovery plans.

Johnson said that he already heard President Roosevelt and two members of his cabinet—Secretary of Labor Frances Perkins and Secretary of Commerce General James A. D. Ford.

Senator Robert Wagner (D., N. Y.), chairman of the Senate Labor Board, will follow Johnson some time in the convention of labor today. It is expected he will lay down a card outline on wages and hours that both labor and capital should accept.

The importance of this year's labor convention has been stressed by the concentration of distinguished government speakers. President Roosevelt and other administration speakers to date have earned both employees and employers from attempting to throw any money between into the recovery machine.

President Roosevelt in his address at the unveiling of the memorial to Samuel Gompers, founder of the A. F. of L., did not touch on recovery.

Later delegates assembled with keen interest the message of Gen. Johnson in the expectation that he would make clear his attitude on the labor war.

The convention is ready for business this week with the various committees and speakers in session, scheduled to present their reports.

Mr. 2033 Free of T. B. But, Oh, His Nerves!

Chicago, Oct. 9 (AP).—Mr. 2033 won't have so many doubts in worry about the prediction of Dr. George W. Crile of Cleveland comes true.

Dr. Crile, head of a surgical and medical clinic, took a peek at the man of the next century yesterday and reported he would have no cause for rejoicing.

Golden Wedding Day Losens Coincidence

Cresson, Pa., Oct. 9.—Burgess and Mrs. William H. Ryne celebrated their golden wedding anniversary yesterday, losing a day of reminiscences.

Mr. and Mrs. A. D. Ryne of Cresson, close friends of the Cresson Ryne, died likewise, leaving a "W. H. D." were born in May; both families have five children; and the two husbands are retired employees of the Pennsylvania Railroad.

Lexington Pastor Resigns Pulpit

Parishoners of Hancock Congregational Church, Lexington, today learned that Rev. Christopher W. Collier, who resigned his pastorate at Sunday morning.

The Rev. Mr. Collier will leave the church shortly after Easter, Sunday, April 15, after completing 18 years' ministry there.

Nurses Save 17 in Fire

New York, Oct. 9 (AP).—Seventeen elderly patients, including 19 women, were carried to safety by their nurses today when fire broke out in Cincinnot Park Hospital.

Manfield Gains Upon Foley

With tireless energy, former State Treasurer Frederick W. Manfield today packed away his last minutes in the battle for the Boston mayoralty.

The new flood of ballots, steady as the Atlantic tide, poured in from the registered Democrats of Boston.

Fresh returns were moving in from the city.

Foley and Manfield mustered 100,000 votes between them in the major total of 140,000.

The race seemed to be narrowing down to a two-man race, with the district-attorney and the state treasurer fighting like troopers for the point of vantage.

They had received 50,000 votes each.

NEW READS BY 310

The former's lead was cut during the day to a plurality of 100.

So close was the struggle between them for the favor of the voters of Boston that Manfield edged the day's returns by 31.

Foley had the high margin he gained by the Saturday ballots and which were published yesterday in the Boston Sunday Advertiser.

The returns in the city, they give to Foley a lead of 100 votes over Manfield.

The latest returns in the interesting Straw Ballot Test Election.

Mr. 2033 Free of T. B. But, Oh, His Nerves!

Chicago, Oct. 9 (AP).—Mr. 2033 won't have so many doubts in worry about the prediction of Dr. George W. Crile of Cleveland comes true.

'OPERATOR 13--By Robert W. Chambers

Gail takes With Gaillard, Who Fails to Penetrate the Girl Spy's Disguise

Republished from Cosmopolitan Magazine and soon to appear on the screen as a Cosmopolitan Production, made by Metro-Goldwyn-Mayer and starring Marion Davies.

By ROBERT W. CHAMBERS

Continued from Saturday

He was painfully flushed when he said very quietly: "I am sorry I seem to have offended you, Miss Cleburne, but I don't know how I did it."

"I'll probably forgive you, whatever it is. Will you tell me a pretty story to amuse me? I mean, a real story."

"Aren't there too many of those in the newspapers?"

"You know what I mean. Tell me a story about yourself, Capt. Gaillard. You've had adventures. You have lived many an exciting story, I am sure."

"Why are you so sure?"

"You look it. You have a reckless look about you."

"You said you did not know what I was like."

"I told you, I don't know. But you are a very interesting person."

"I wish I dared."

REVEALED

"Aren't all Mr. Gaillard's young gentlemen rash and daring? Courage, Capt. Gaillard; faint heart never yet pressed a pretty hand."

And this is the Stanfield's flirtation with you, huh?"

Her outrageous provocation bewildered the boy. He was afraid of her, he knew.

"I thought," she said, "that this flirtation was always in the tradition of a spirited young gentleman."

"It is," he said.

"Well, I don't seem to do anything about it. Maybe you are mistaken, but I don't see you do anything."

After a moment: "He shall pay for that silence," she said to herself; but she masked her inward rage with an enigmatic smile.

Of those furtive, golden-veiled eyes, provocative and shy.

"Wait," she said, "until I have a high, my girl can love a number of men and I am sure."

They rose, and she took his arm. On the gallery the scent of roses filled the night. There was nobody else there. In the silver starlight she looked her before she could avoid him.

"That," he said, "is for you a strangely lovely evening."

The girl untwisted herself from his arm and stood with small fists tightly clenched and lips parted for the breathless blast of words to overwhelm him.

"None came," he moved toward her two steps; she took two more; took his lips again, trembling.

"That night the girl slept easily, more comfortable than any night before. And she was not alone."

And she was not alone. And she was not alone. And she was not alone.

And she was not alone. And she was not alone. And she was not alone.

And she was not alone. And she was not alone. And she was not alone.

And she was not alone. And she was not alone. And she was not alone.

A GREAT FRIEND OF--

Miss Barbara Ford

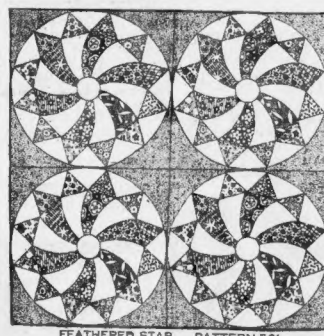

This pensive little pup is Sandy McNab, a West Highland Scotch terrier, as is indicated by his spruce fall coat. The regular black and white Scotch terrier, McNab, is the one who has been the subject of the article. He is a very good friend of Miss Barbara Ford, who is a very popular actress. He is a very good friend of Miss Barbara Ford, who is a very popular actress. He is a very good friend of Miss Barbara Ford, who is a very popular actress.

John Sobell put her up, mounted on her own back and followed her mate pace through Franklin street, under the spreading foliage. The while fighting around Petersburg, the city was deadly in the hot sunshine. The railway to Glendale they turned toward Malvern, where, in a muddy field, Operator 13 jumped a lively horse to and fro over an ancient snake fence, and, tiring of this, entered on down a rutty road until she came in sight of the old Hendrick Tavern. The inn was closed; a riot of noise, jamming, horse-drawn, and many burred the village, now occupied by several squires. In case of trouble, she remarked to Sobell, "That is a good hiding place."

More Recipes From School Session

By MARTHA LEE

From Martha Lee's Monday Morning Breadbasket (New Station W.A.B.)

HOW WE HATED to close the doors on the seventh annual session of the Boston American-Advertiser Cooking School at the Hotel Statler. Never have we enjoyed such a successful school nor one that seemed so much practical help to the thousands of New England housewives who attended. Already we are counting the months before next year's school will roll around again.

Pineapple Nectar Cake

1 1/2 cup shortening
1 1/2 cups sugar
6 egg yolks
1 cup milk
4 cups baking powder
1 cup orange juice
1 cup pineapple juice
1 cup raisins
1 cup nuts

Blend shortening and sugar. Add to it egg yolks beaten until light and fluffy. Stir in orange and fruit juices, then add sifted dry ingredients alternately with water. Beat in three grated lemons in moderately hot oven--375 deg. F. for 20 minutes. Cool, ice with baking powder icing and sprinkle with coconut or fill with bananas and ice over with whipped cream.

Lemon Pie Filling

1/2 cup gelatin
3 eggs
1 1/2 cup cold water
1 cup sugar
1 lemon

Put gelatin to soak in 1/2 cup cold water. Mix three eggs yolk and sugar, graded rind and juice of one lemon. Cook this mixture in a double boiler until thick and creamy. Cool and add above gelatin. Beat egg whites stiff with 1/2 cup of sugar. Stir the cooked mixture into whites of eggs. Pour into greased pie crust. Set in ice box two hours before serving. Serve with whipped cream.

"Pseudo Elimination" Trap Play Intricacy Worked by Expert in Game

Many players are familiar with the fundamental principle of the "elimination" play. They know fully the danger of leading a suit of which both Declarer and Dummy are void, offering a discard to one hand and a ruff to the other.

It is unfortunate that they do not delve further into the variations of this play, and discover that there is such a thing as a "pseudo-elimination," which has all the earmarks of the true forced hand play except that Declarer has one losing trick too many.

In the following hand Mr. M. E. of New York city, established a pseudo-elimination position, and the West player, who did not stop long enough to count Mr. Ellis hand, fell into the trap.

distribution favorable to a spade contract.

West opened the club King, which South raised. The spade Ace was now led, and disclosed the fact that West had a good spade trick. Mr. Ellis, therefore, proceeded to strip his hand and Dummy's hands of hearts and clubs by a cross-ruff, and then threw West into the lead with the spade King.

West, who had been thoroughly coached in the dangers of spilling the adversary's trump, almost triumphantly led a small diamond into Mr. Ellis' A-K-Q, nor would argument convince him that he could have foreseen the disastrous results of that play. His error was in not remembering that the North and South hands must hold four diamonds each, and that though by a ruff and discard one hand could reduce this to three, his Queen twice guarded must still win the setting trick. The contract should have been defeated, but one of the things a good player after does is to create opportunities for the opponents to err, and this Mr. Ellis did very cleverly.

The Matter With College Football, Pudge Heffelfinger Says Boys Get Hurt Because of Protection
By AUSTEN LAKE

One must be forewarned to get anywhere in sport literature. So I am asking "What is the matter with college football?" because I don't ask it now, when there is nothing the matter, some enterprising contemporary will come along soon and make a great flutter in a series of syndicated articles. I don't propose to be charged again as I was charged last spring when Mr. Teddy Lieb of the New York Post scooped the world in asking "What is the matter with baseball?" and went to a small fortune at space-rates by selling his answer, in twelve-part form, to the press around the country.

You will remember that Lieb opened by printing a letter from Pudge Landis in which the silver-pollard supreme arbiter, as we journalists like to call him, answered "You ask me that and so. If you will tell me what is wrong with the railroad, the office building business, the theaters, etc., I will tell you what is wrong with baseball." Yours sincerely, K. M. Landis. It was a terse rebuff, which led Mr. Lieb to remark logically that such terse rebuffs were among baseball's chief faults.

Patterning my own investigation on Mr. Lieb's lines, I asked Mr. Pudge Tompkins of Dartmouth the question, to which he has replied, "The matter is with you lousy sport scribblers who do not know a four-point block from a zip pad." Which offers as constructive a starting spot as any, because it recalls that Mr. Pudge Heffelfinger, the oldest intellectual, has lately written a critique to the New Haven authorities in which he traces the flaws of the present game to overuse of protective padding.

"In my day," said Heffelfinger, "we wore fewer clothes and had fewer injuries." What he means is that the players who were injured often by the mutual hardness of their armor than by the per se impact of their collisions. He advises dressing the players in cotton-quilted breeches and bay-filled pads, as of his day, on the theory that the boys will temper their ferocity to fit the margin of safety. Which reminds me of the time that "Fido" Kempton reported for the Exeter team some years ago in a pair of baseball pants and an unpadded jersey.

"Go in and outfit yourself decently," growled Tad Jones, "because you cannot play my kind of football in

WE WORE FEWER CLOTHES AND HAD FEWER INJURIES

a rig like that." And before he finished his career at Yale, still under Tad Jones, Kempton wore more patented protective figners than any man in the game, having a special set of shoulder harness that was shaped like a cavalry saddle and a knee-brace that was fashioned in a blacksmith shop.

What About Those Copper Caps, Mr. Heffelfinger? I think that Mr. Heffelfinger is forgetful of a few little items of his day like the copper-shielded shoulder caps, ferrons, thighpads, cane shin-guards and a miscellany of sheet-metal parts that can still be found in sporting museums. You could do a very pretty job, for example, in gouging out one side of your face against the canvas that were forever coming loose from their canvas slots and sticking out like spikes on a pocket fence. And that, bear in mind, was the leaning era of college football, when the barbies would mill around in a sort of organized subway jam until the mass toppled over from sheer topheaviness.

There is a huge photo gallery of the 1906 Harvard-Dartmouth game hanging in the trophy room at Hanover, which records one of the epic of Dartmouth football history, in which 20 of the 22 players are standing around in loose attitudes looking more like a May Day riot than a football game. From the look of things the players could have been stark naked and still enjoyed reasonable security from bodily harm.

I do not wish to offend any of the veterans of old football wear because they have a pathetic fondness for reviewing the assorted furies of their day and will tell you how they mailed a couple of laths along a broken spine and hell-roared to victory, leaving a trail of maimed and dying opponents in their wake as they limped 50 yards through a scattered field. Would it be disrespectful to say that the present Brown, Dartmouth, Holy Cross or even Mass. State teams, playing modern football, could spot any of the late Walter Camp's early all-American legends, using old style football, half a dozen touchdowns and beat them in a breeze?

Football Now Not So Much to Swift as to Studios

The football youth of today must master a hundred operations to one in that early period, so that a lad who studies to be a right guard is put to considerable pain when he is moved to the left guard and has to reverse the complicated routine. In the old day a center was a portly person, with a heavy anchorage of flesh, whose duties were to dangle and between his legs and fall up as much space as possible between the guards. But your center today is a combination of Phil Beta Kappa and circus strong man, like a chorus lady, hard as a politician's conscience, ruthless as a boxing manager and as much of a back as a back and a pre-gate guard. No longer does a quarterback squat under the center's stern as ball-vet to the other backs. The service is cafeteria style now where the center must snap direct to the consumer and the eagerness of each back as well as his own. Do you crash your ends, put them square, wait them, fade them, split them or play them tight? It's a matter of taste, you know. Do you favor Roche's single wing back, Warner's double, or McLintock's triple, or have you a hybrid formation that takes bits of all with varying degrees of success? How many check plays have you on that drive track, and how many checks on the check play? Also name the states bordering Alabama and its principal manufacturing centers.

By this time I am tangled up in my own footwork. Besides there is plenty of time to prove what is wrong with college football, because if there isn't anything wrong now, as a devoted journalist, there will be before I get through, even if we have to warm up at old Overman's then. By the way, have you noticed what at Harvard, where Dolph Chest failed the Overmanphat out, has advertising stickers in the subway? It looks like under-emphasis now!

Sweet Run by "Sweet" Musick

Jim Gets Away for 29 Yards

Boston's Redskins opened their home season at Fenway Park with a 21-20 victory over Harry Newman and the rest of the New York Giants. And Jim Musick's run, depicted here, was the turning point of the game. In the third period the former Southern California halfback broke away from the 35 to

the sixty-yard stripe. Two minutes later Gyp Battles scored on a reverse play. The touchdown gave the Redskins a 21-13 lead, which was just enough to get them under the wire after Newman's dazzling 75-yard touchdown run in the last quarter.

Rah-Rahs Missing, But Redskins Are 'Tops'

By DAVID F. EGAN

For some weeks now the Old Colonel has been getting Mr. Dennis Shea, general manager and publicity director for the Boston Redskins, slightly confused with Baron Munchausen, the guy who makes up a million of them a minute.

Mr. Dennis Shea has been bounding the Old Colonel, as he called him, the first time I got into Fenway Stadium to see the Redskins play. He was a ticket for the game of the Old Colonel's and he was a ticket for the game of the Old Colonel's.

So, early the Sabbath morning I had a telephone call from Mr. Dennis Shea, who was a ticket for the game of the Old Colonel's and he was a ticket for the game of the Old Colonel's.

Going on to 2 o'clock there were about 7000 fans within and the Redskins were playing the game of the Old Colonel's and he was a ticket for the game of the Old Colonel's.

There was a huge photo gallery of the 1906 Harvard-Dartmouth game hanging in the trophy room at Hanover, which records one of the epic of Dartmouth football history, in which 20 of the 22 players are standing around in loose attitudes looking more like a May Day riot than a football game.

Parchesky in Husky Grid Baptism Is O.K. Except for Score

By E. B. SCHREIBER

Harder and more savage tackling is the aim of Coach Al McCoy and his embryo football team at Northeastern this week.

Defeated in their opening game against St. Anselm's, the Huskies today started serious work getting ready for St. Michael's the little Vermont college which on Saturday best Norwich 6-0.

"I naturally was disappointed at the score," McCoy said today "but more so the Northeastern boys played much better football than I had any reason to expect. Lack of experience told the story in that last period when St. Anselm's began to score. But I expect that this week, with the first-game nervousness out of their systems, my team is going to do a lot better."

NO INJURIES

Northeastern came through the game without serious injury. McCarthy, first quarterback, had his thumb in the first period and was unable to throw any passes after that. An X-ray was to be taken today to see if the injury would handicap his throwing this week. Tempelman, powerful fullback, twisted his leg and the injury temporarily affected his spine, but today he was reported to have wholly recovered.

Beside the need of harder, surer tackling, Northeastern the week must work on a tighter defense against forward passes.

SECONDARIES WEAK

Long heaves by George Leo caught the Husky defense out of position on several crucial occasions Saturday. The need for more vicious tackling was evident on the sidelines. The need for more vicious tackling was evident on the sidelines. The need for more vicious tackling was evident on the sidelines.

EAGLES

UPSET

By WALTER KILBY

Reports from the South indicate that the Praying Colonies of Centre College are primed with the best material in their history for the all important intercollegiate game with Boston College at University Heights on Thursday afternoon.

This is saying a lot in view of the great teams in the days of Dr. McMillin and Red Roberts, those eleven of 1921 and 1922 which first gained national fame by their surprising showing against all-powerful Harvard teams.

Diving down into the archives we recall a stubborn Centre team being owned by the Citizens in 1921, 1922 but only after throwing a big scare into the hearts of the Harvard team.

They returned to Boston the following year and administered a 60-0 defeat. Charlie Moore, umpire in last week's World Series, was the coach of the great team.

Already The Praying Colonies—Incidentally not their normal name—have picked up big scores against Louisiana 40-0 and Transylvania 38-0.

Grid Kings Unconquered

By Bill Grimm

Of course, it all depends upon which side of the fence you are located in deciding whether or not come of some particular gridiron conflict is an upset. But often, overwhelming odds are against one team, and even the lack of talent, makes it catalogued as an upset.

For instance, what was the triumph of Southern California against the Congrats from Washington state, 25 to 0, at Carnegie Field, Sept. 23, when the Trojans were picked up 23 points on "Wap" Warner's Owl of Temple, and the first Panthers beat Green Valley, Mountaineers from West Virginia by three touchdowns, the results are classified in the upset column.

And the same is true when a Big Six eleven plays a scoreless tie with Notre Dame and the Kansas City Bombers, and the Minnesota Golden Gophers.

Now, if you happened to be a satellite of a U. S. substitution, you would be in a bit of a predicament. William or Catholic University, the outcome of last Saturday's game would be catalogued as an upset. And how do you figure the odds of Notre Dame and Minnesota? Well, the final whole blew and they came to realize that their great eleven had been beaten by a team which were in have been taken in stride?

Just for the sake of an argument, climb over on the other side of the fence and view those games from the Kansas and Indiana angles.

The Jaxhans were no doubt a little bit taken about it. At Coach Andrew Lindsey's back, 16 letters reported at Mount DePaul, including all of his 1933 "awards" to the team. Lindsey, who is a quarterback, with Capt. Pete McWhirter, his mighty tackle, and Ormand Beck, a powerful line cracker, Lindsey had a great season. The greatest eleven in the history of K. U. football.

Kansas University is represented by one of the heaviest and most rugged squads in the Mid West. There are an abundance of line replacements and, moreover, the Jaxhans are of the iron man variety, capable of assimilating plenty of punishment, and they can give as well as take a beating. The K. U. team average 200 pounds per man and are thoroughly skilled in the art of making that herd an asset and not a handicap.

Anastasiou soundly at South Bend, when they looked K. U. to open the 1933 Notre Dame season. But that does not get away from a fact that last in Lawrence, Kansas, was a surprise. It was away with a whole skin if you ever heard that the Jaxhans were lucky to have had Notre Dame soundly.

Until the Hoosiers tied Herman Bierman's Minnesota Normans, football was playing a losing game on the state of Indiana to basketball. Last Saturday's achievement may improve conditions.

Coach Billy Hayes has met with numerous all-time unassailable victories since he succeeded Pat Page at Indiana. Interest was at low ebb, for the Hoosiers have won only one Big Ten game per season for five years.

Despite Harvard's runaway tilt with Hates, Princeton made the best of the situation. The Hoosiers for Yale seems to have been lucky to get away with the Maine game.

Amherst's points on Amherst, Princeton clearing as demonstrated that it will soon again be a real factor in Eastern football. Amherst is undoubtedly the best team in the East, but was completely outclassed by the Tiger.

Dartmouth and Brown topped through Vermont and Rhode Island State, and the University of New Hampshire elicited for the first time against K. U., while Coach Matt "Stater" knocked the powerful Bowdoin eleven back on its heels, and the Hoosiers slipped over a close one on Colby.

While N. Y. U. and Manhattan were taking it on the chin from West Virginia, Wakefield and Georgetown, respectively, down in Gotham, Earlham and Columbia were being run by Muhlenberg and Hobart. Both service academy teams were on the winning end, having scored one more touchdown on the other side of the line.

Following Flaming at quarterback after the veteran pilot was obliged to leave the game with an ankle injury. Stanger ripped away from the backfield, and the Hoosiers made the best of the situation. The Hoosiers for Yale seems to have been lucky to get away with the Maine game.

Stanger, who captained the Dartmouth varsity basketball team last winter and was one of the best players in the Eastern Intercollegiate game, was the man who kept the Hoosiers from being knocked out of the game.

Dorchester High, Somerville Next

Dorchester High tomorrow, and Somerville High on Wednesday, are schools whose football squads, records and prospects will be related in the sports pages of the Boston Evening American by Bill Connell, staff writer. These sparkling accounts are stand out parts of the Evening American's daily news reports of the school sports and the athletes. Don't miss them!

a chance to see an upset. Lynn English goes to Lawrence. The home team is smart and strong, yet is in danger with the possibility of a meltdown after several stiff

The mid-October slumps are the main worry for most of the school coaches. Dorsey Glides of Everett says this, and other members agree. After three or four hard games," said Glides this morning, "the boys may get tired of their own team, for instance, had a very hard game against Salem. But this week it might ease off and be tumbled by Newton just as happened last year. I'll work to try to avoid this."

Glides certainly did a wonderful job of preparing his unbeaten squad for Salem. The Everett squad came out of the game with secretly a scratch.

R. BOSON FISHERMAN FACES STIFF FIGHT

By Jack Conway

LEO NUMA, former University of Washington athlete, who tangles up with Nick Lutze in a finish wrestling bout at the Boston Garden on Thursday night, is one of the most promising of the younger set of grapplers.

I liked Numa the first time I saw him wrestle at the Arena two years ago. He is six feet one inch tall, weighs 205 pounds, and is a handsome fellow. He is strong and fast, and possesses courage.

Numa showed here a couple of times, and then went back to the Coast where he improved his wrestling. He returned to Boston before he lost to Ed Don George at Fenway Park. Numa gave George plenty of opposition, and believes he can beat him if he gets him into the ring again.

The wrestling game, like boxing, needs a few new attractions. If Numa can lick Lutze and a few more wrestlers of ability, he will play the attraction a great deal.

Lutze is a more experienced wrestler than Numa. He is also faster. I do not believe Numa is as strong as Numa. The latter will have a slight advantage in a long match, but it is a question whether he can stand up before the rough tactics. The "Bull" continues to draw record crowds. He has attracted 35,000 persons to Arena shows at which he has appeared during the past year. He is a great sight to see of such a

Bill Roper's Belief

BILL ROPER, when he coached football at Princeton, used to say that a team that won't be beaten cannot be beaten.

The late Knute Rockne declared that a football team, or just old-fashioned "guts," won many football games.

Young Stribling displayed the courage of courage in an order to be removed to the hospital following his fatal automobile accident.

"No more road work," remarked Stribling, who had lost the lower part of his left leg.

Try and find my bridge work," he then said to a friend. Courses often make an ordinary athlete a champion. Give a man a chance to win, and he will win by his natural ability and he becomes a super-athlete like Jack Dempsey, Bobby Jones or Bill Tilden.

Beavers Sign Up Waish

Quebec, Oct. 9 (AP)—Roy Halpin, manager of the Quebec Beavers hockey team, announced today that the club had signed Pat Walsh, veteran goalie of the Montreal Maroons for several years, as playing goalie.

Amsterdam, Holland, Oct. 9 (AP)—Willy Nien Ouden, Dutch swimmer, yesterday claimed a new world record for 200 meters freestyle of 3 minutes, 45 seconds.

The listed world standard for 200 meters is 3 minutes, 55 seconds.

NEW UPTURN

Leaders Should Take
Roosevelt Advice,
Says Forbes

By B. C. FORBES

New York, Oct. 9.—If labor leaders and employers take to heart President Roosevelt's latest admonition the uncertainties which have recently been interfering with progressive recovery should subside and the country should resume its forward and upward march.

Rightly or wrongly, many employers lately have become alarmed over the tactics employed by union labor leaders. This is one main

If President Roosevelt's appeal to both capital and labor not to succumb to the temptation of strikes at this time should be generally heeded, the consequences easily might be extraordinarily gratifying.

Let capital and labor agree to work with each other in mutual interest, thus putting an end to the strikes and disturbances which have been the bane of the country, and there would be a chance of becoming all over the land.

I shall not attempt to analyze these and other exhaustive business statistics, to analyze them thoroughly, and to draw the inevitable and clearly trends. Here is the high point of his latest report:

"The business scene as a business upturn has come again."

development, during the next fortnight are satisfactory, look out for a new era in psychology, from apprehension to optimism, from bear to bull."

• • •

I am willing to subscribe to this analysis provided labor troubles are promptly overcome, as so timely urged by President Roosevelt.

• • •

The financial world proclaims hourly and daily that uncertainty over inflation is happening things back.

Undeniably, uneasiness over what may or may not happen to the dollar is exercising a restraining influence upon banking and financial operations, causing bankers and other lenders to act extremely cautiously.

Industries, Inc.,
The Grip on Assets

Report of Selected Industries, Inc., for nine months ended September 30 states net assets September 30, based on market or appraised values, were equal to \$80.12 a share on prior stock, assuming retirement of the corporation's holding of its own prior stock, against \$63.66 December 31, last.

Steadies at Close

After the rate had touched \$4.68 1/2 cents in the dealings there was a

Early in the dealings there was a reaction to \$4.69½, but the rate steadied toward the close at \$4.68½.

**Closing on London
Exchange Is Mixed**
London, Oct. 3 (AP)—Following good reports from industrial centers, iron, coal and steel issues on the Stock Exchange were mostly better today. Oil shares also were generally firmer owing to expecta-

losses of some favorable dividend announcements. Home rails and transatlantic issues advanced while German $\frac{1}{2}$ nds declined. The market closed irregular.

Losing on Paris
Exchange Is Mixed
Paris, Oct. 9.—Although prices lay on the Bourse were slightly above Friday's closing quotations, trading remained dull. Operators.

...ing new taxation, are hesitating to buy until the governmental budget bill is presented. The closing was irregular. In Berlin improvement of the dollar and easier money were bright spots on the horizon.

Byrd Ship :: All Macarooned

Golden Almond Macaroons used to be a tax-deductible item. Now they're not. Why? Because the most rugged sort of explorers that ploughed their way into strange lands since Columbus discovered America, and Baboian the Pacific, have selected Golden Almond Macaroons to accompany them on their trip to the Antarctic. The crew of the Admiral Richard E. Byrd, the commander, the officers, and all the men.

Shown in the hold of the Jacob Thompson, the Byrd ship, are 30 air-tight drums containing 3000 macaroons. How Admiral Byrd's expedition happened to select for its confederation this delicious little confection is a story.

The doctor wanted something for the men that had high caloric and nutritive value. Yet it had to be a delicacy that was good enough to make the men forget civilization and home.

The G. O. Gentry, medical director of the expedition, examined the ingredients of Gentry's famous Golden Almond Macaroons and found that their caloric content was just what he needed. However, he wasn't sure that his hardy crew would take to delicacies of this kind.

Washington Dove Has Seattle Rival

Seattle, Oct. 9.—Every morning, about dawn, Miss Eleanor MacDonald says a prayer for the flying in through her window. He leads the kitchen, pecking away at crumbs or fruit, and then flies to her. There he waits back and forth, preening himself, and cooing.

COOK-COOOS

Copyright, 1938, for the Boston Evening American

Q. and A. DEPARTMENT

President Roosevelt has asked everybody to observe Fire Prevention Week from Oct. 8 to 14. There seems to be some confusion concerning the date—particularly among apartment house janitors.

But the President certainly gets wholehearted co-operation from the manufacturers of pipe tobacco.

And the guys who put burned matches back in the box.

And Moravia can stand anyone who exclaims, "Good gracious!"

"It's so beautiful," sneers the office scourge.

Asthma, too, must help the dame Whose wheezes otherwise are tame.

FEARLESS JOURNALISM
(Piers, Mr. Journalist)

There will be a reunion at the reunion grounds here on the second Sunday next month. All come! A big day is planned with speakers and a band. If anyone does not have the time of his life, it will be his own fault.

Lucky guys who get the goat By wives aren't dragged around and out.

—Says the R. Rev. — Mr. Wiley: "Success is the point when a car stops borrowing his father's necktie."

A father starts wearing his son's cast off suits?"

Furthermore, he may insist on saying it.

Ann—You snapper! Aunt ("Misunderstood Mamma")

WHO'S AFRAID OF THE BIG, BAD WOLF

"The bank-ers of the A. B. A. are doing everything possible to make the national railway act work." — President Franklin D. Roosevelt

And old hag fever! Comes in hand.

When a sneeze fits in just dandy.

A gal who should Be treated rough

Asks you to love.

And serves the stuff.

Add similes—

Private as the life led by public decency.

But if, upon the other hand, (Holds up the flag and stars the band)

On morals and on ethics we are to rely, it's plain to see We all should still have plenty hopes

And shout: "Hurrah for micro-scope!"

FAMOUS LAST WORDS.
I would not wish to have it felt that I spoke in a spirit of narrow partisanship, gentlemen, but—

Wrap it up.

Balance the Budget
